

First I would like to thank the EOLBA for inviting me to judge the sweepstake classes. I enjoyed seeing all the lovely entries and thanks to the exhibitors as well for giving me the opportunity to go over their dogs. As you will notice in my critiques I do have a picture in my mind of what is important to me in my dogs. I have a hard time writing my thoughts and I do like to make a positive comment on each and every one. More awards to hand out would be good. Thanks again, Charlotte.
